

Dear Mr Dillon,

Recently, we asked the children of Birch Hill to complete a survey based on how they're feeling about the changes in school. We have reviewed the feedback and have made some key points below:

- The majority of children are ok with the new changes
- Children in Key stage 1 miss show and tell.
- All children dislike washing their hands so much.
- All children would like to use the adventure playground and tyres again.
- All children are enjoying seeing their friends again.
- KS2 children would like organised ball games or a rota of activities at lunchtime.
- KS2 children would appreciate some more equipment.

After reading the feedback we have the following ideas we are working on:

- Could we raise money for outdoor equipment? What kind of equipment could we buy?
- Discuss with Miss Stark how sports captains could support running games at lunch

Yours sincerely,

Birch Hill School Council

Birch Hill Primary School
