

SAVING LIVES THROUGH EDUCATION

#### Can you number the following dangers on the picture?

- 1 Call for help as soon as possible
- 2 Always use a safe rescue, never go on the ice
- 1 Never follow animals on the ice
- 4 Lie on your back and use something that floats to stay on the water's surface
- 6 Obey warning signs
- 6 Ice is thin around drainpipes, trees and plants
- lce is always thin around man-made structures and at the edge of river banks

spot the dangers

Keep your family SAFE, learn the code:

#### ADVICE

follow safety signs and advice

#### FRIEND

always go with friends or family

### Emergency

shout for help and call 999

# Winter safety

This poster it designed to help you enjoy water safely in winter.

# **Winter Safety** Advice:

- · Pay attention to water safety signs
- · Don't go on to the ice, it is not safe
- · Never go on to the ice to rescue someone, try to reach them with an object
- · Keep clear of the water's edge in case you fall in
- · Never play in floodwater, you may get swept away or it may be deeper than you think

Contact RLSS UK to find out how you can become a Rookie Lifeguard and learn lifesaving and self rescue skills.
