Purpose of Plan

The Trust motto is "*schools for the community, schools as a community*" as our aim is that every school in our Trust, whilst espousing our values and ethos, and having a core of common policies and procedures, will serve its own community's needs in a bespoke way and also create a feeling of community within its own school. In that way all the potential and talents of every child and every member of staff will be nurtured.

The purpose of this plan is to show how our educational setting intends, over time, to increase accessibility to the physical environment, the curriculum and written information so that all pupils/students with a disability can take full advantage of their education and associated opportunities.

Key Aims

Maiden Erlegh Trust aims to treat all its students fairly and with respect. This involves providing access and opportunities for all students without discrimination of any kind eg:

- total access to our setting's environment, curriculum and information and
- full participation in the school community.

Maiden Erlegh Trust is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The Trust supports any available partnerships to develop and implement the plan.

Our complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in one of our schools, this procedure sets out the process for raising these concerns.

Legislation and guidance

This document meets the requirements of <u>schedule 10 of the Equality Act 2010</u> and the Department for Education (DfE) <u>guidance for schools on the Equality Act 2010</u>.

- The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.
- Under the <u>Special Educational Needs and Disability (SEND) Code of Practice</u>, 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.
- Schools are required to make 'reasonable adjustments' for students with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled student faces in comparison with non-disabled students. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

Monitoring arrangements

This document will be reviewed every **3** years, but may be reviewed and updated more frequently if necessary. It will be approved by the Local Advisory Board.
