

Year 5

Autumn Term 1

**Who could survive on a
mountain?**

September 2024

Geography:

We will use maps, atlases, globes and the internet to explore the wider world. We will focus on comparing the features and size of the Grampian regions and the Rocky Mountains, whilst learning about mountain formations.

The children will learn about the Grampians in the winter and assess dangers that are faced by climbers.

Computing:

Commonsense: My Media Choice

Understanding the impact of media and the internet.

Teach Computing: Children will be introduced to network systems and how to use search engines effectively.

Art:

Children will be learning to create a mountain scene with a focus on perspective and detailed mark making to build texture.

Science:

Forces: Children will explore gravity; before identifying the effects of air resistance, water resistance and friction. They will then spend time explore how mechanisms - including levers, pulleys and gears - allow a smaller force to have a greater effect.

English:

Writing: Children will write a setting description focusing on description and figurative language.

Guided Reading:
Everest

French:

- Learning feminine and masculine articles
- Determiners
- The four seasons
- French songs

PSHE:

Jigsaw – Being Me in My World

Maths:

- Place Value
- Addition and subtraction
- Multiplication and division

How are mountains formed?

Physical Education:

Indoor: REAL PE - Cognitive Cog.
Games: Throw tennis and Endball

Outdoor: Netball
