

Year 4

Spring Term 2

How does performance enhance my confidence?

September 2024

The Play:

This term, year 4 will put on their annual production. It is a fantastic opportunity for collaborating as a year group, building confidence and creativity through all the singing, dancing and drama that comes with putting on a production!

Maths:

Convert and calculate with mixed number and improper fractions. Find equivalent fractions. Explore tenths and

R.E.

Within, RE we explore the Christian Easter story. We discuss Jesus' life, death and resurrection and whether forgiveness is always possible.

RSHE:

Healthy Me: Looking at friendships, where they fit into their circle and learning to reflect on their friendships.

How does performance enhance my confidence?

English:

In this unit we will discuss different perspectives of a question, arguing for and against and giving examples to back up their argument. Our unit will end with a final discussion based question – 'Should all children take part in a play?'

Guided reading: Delve into poetry world of British Poet and Children's Laureate, Joseph Coelho. Look at different poetic technics, including performance poetry.

Computing:

We spend the term building upon our keyboard confidence and skills in preparation for the year 4 multiplication check.

Physical Education:

Indoor PE: Sending and Receiving and balance
Outdoor PE: Cricket

Science:

Identify how sounds are made and heard, explore how volume and pitch changes and the impact of being near or far from the sound source.

Learn about electrical appliances and components in a circuit. Investigate conductors and insulators and how components, including switches can change the current in a circuit.
