Dear Parents and Carers,

Shakespeare Performance

It was lovely to see you recently at the Welcome Meeting. As we said, the children have made a very positive start to the year. They have settled well into their routines, are showing real focus in their lessons, and are working hard across the curriculum.

As you know, raising standards and ensuring that every child achieves their very best is our priority. With this in mind, we have decided to move the Year 6 Shakespeare performance to the summer term. We appreciate that this may come as a disappointment for some of you, but this will allow us to continue concentrating on the children's learning at this important stage of the year, while still giving them the exciting opportunity to take part in the performance later on.

We will share more details about the production in due course. In the meantime, thank you for your continued support as we work together to give the children the very best preparation for the year ahead.

Yours sincerely,

The Year 6 Team
