

MAIDEN ERLEGH
TRUST

SEND Parent/Carer Forum

Register to take part and **help shape** our **SEND priorities**

About the Forum

We are setting up a SEND Parent and Carer Forum across all schools in Maiden Erlegh Trust and are inviting parents and carers of pupils with additional needs to take part.

The forum will bring together families from across our schools to help inform our SEND priorities, shape future provision, and contribute to the development of our next SEND strategy. This work will be co-produced with families from the outset.

What's involved ?

- ✓ Three meetings per year
- ✓ Likely to be held online to support accessibility
- ✓ A focus on SEND priorities and provision across our schools

Who can take part?

Parents and carers of pupils with additional needs across our schools who would like to help inform future SEND priorities.

Who is leading the forum?

Kelly Nash
School Improvement Director: SEND

Kelly works with schools across the Trust to strengthen SEND provision and support high expectations for all learners. She brings experience as a SENCo, senior leader and Area SENCo, and has led SEND reviews and improvement work across a range of settings.

Neil Strain
Director of Special Education Hub

Neil leads the development of specialist and inclusive provision across the Trust. He has experience leading special schools, supporting inclusive curriculum design, and working with schools and partners to improve outcomes for vulnerable learners.

How to get involved?

If you would like to take part, please complete the short online form or **scan the QR code below** to register. Further details will be shared with those who register.
