1. Aims

This policy aims to ensure:

- That children access a broad and balanced curriculum that gives them the broad range of knowledge and skills needed for good progress through school and life
- Quality and consistency in teaching and learning so that every child makes good progress and no child gets left behind
- Close partnership working between practitioners and with parents and/or carers
- Every child is included and supported through equality of opportunity and anti-discriminatory practice

2. Legislation

This policy is based on requirements set out in the 2026 Early Years Foundation Stage Statutory Framework

This document also complies with our funding agreement and articles of association.

3. Structure of the EYFS

Maiden Erlegh Trust provides Nursery (Foundation Stage 1) and Reception (Foundation Stage 2) at Birch Hill Primary School and Nursery, Great Hollands Primary School and John Rankin Infant School.

Nursery provision is for children from the age of 3 years upwards. Children can join the Nursery class the term after their 3rd birthday.

Core Nursery provision is 15 hours per week, currently in a morning session from 09.00am to 12.00 noon. 30 hours provision is available if sufficient demand enables this to be a viable option. The 30 hours provision offer is revised termly.

Foundation Stage 2 (FS2) provision comprises of reception class(es), which operates fluidly across the EYFS unit to maximise learning opportunities. There is one September entry point for all pupils who turn 5 in that academic year. Reception offers full-time education to all pupils from in line with the start and finish times published on the school website.

All EYFS provision is based on a key worker system - where children are allocated a 'key' adult who spends significant amounts of time with each child to build strong relationships and develop a thorough understanding of each individual child.

4. Curriculum

Our early years setting follows the curriculum as outlined in the 2026 statutory framework of the EYFS and the non-statutory Development Matters.

The EYFS framework includes 7 areas of learning and development that are equally important and inter-connected. Three areas are, however, known as the prime areas and are seen as particularly

important for igniting curiosity and enthusiasm for learning, and for building children's capacity to learn, form relationships and thrive.

The prime areas are:

- Communication and language
- Physical development
- Personal, social and emotional development

The prime areas are strengthened and applied through 4 specific areas:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

The EYFS department has a relentless focus on the development of early reading and oracy which is implemented from day one (Annex 2).

More details can be found on the school website with yearly and termly curriculum plans published.

4.1 Planning

Staff plan activities and experiences for children that enable children to develop and learn effectively. In order to do this, practitioners working with the youngest children are expected to focus strongly on the 3 prime areas. We also strongly believe that to succeed our pupils need to be able to read confidently and we start our successful reading & writing programme on entry to Reception. Nursery pupils undertake activities to support this learning, during the Summer Term.

Staff also consider the individual needs, interests, and stage of development of each child in their care and use this information to plan a challenging and enjoyable experience. Where a child may have a special educational need or disability, staff consider whether specialist support is required, linking with relevant services from other agencies, where appropriate.

In planning and guiding children's activities, practitioners reflect on the different ways that children learn and include these in their practice. We consider the guidance provided regarded EYFS screen use in our planning.

4.2 Teaching

Each area of learning and development is implemented through planned, purposeful play, and through a mix of adult-led and child-initiated activities. Practitioners respond to each child's emerging needs and interests, guiding their development through warm, positive interaction.

Each school provides structured teacher-led activities from the beginning. A typical day would look like this:

- Self-registration on entry

- ‘Finger Gym’ independent self-selected fine motor skills activities – leading onto more writing focussed activities throughout the year.
- Teacher-led Phonics sessions following the named systematic synthetic phonics (SSP) programme (Annex 2)
- Snack and Chat in small key groups to develop speaking and listening skills
- Child-initiated ‘Explore Time’ linked to our continuous provision and curriculum themes both inside and outside
- Teacher-led mathematical input (Annex 2)
- Child-initiated ‘Explore Time’ linked to mathematical concepts across the curriculum both inside and outside
- Oracy sessions and use of talk partners to build communication and language
- Storytime and Talk for Writing
- Lunchtime – eating skills supported by teaching team
- Child-initiated ‘Explore Time’
- Story and singing time
- Teacher-led handwriting development activities
- Curriculum themed input followed by Child-initiated ‘Explore Time’ linked to continuous provision across the curriculum both inside and outside. Individual 1:1 focus activity is provided throughout the sessions
- Circle time with PSHE focus
- Storytime to build up a strong knowledge of a range of well-known high-quality stories.

As children grow older, and as their development allows, we gradually shift our focus towards preparing our pupils to be fully ready for the Year 1 curriculum.

5. Assessment

Ongoing assessment is an integral part of the learning and development processes. Staff work with pupils to identify their level of achievement, interests and learning habits. These observations are used to shape future planning. Practitioners also consider observations shared by parents and/or carers.

At the end of the EYFS, staff complete the EYFS profile for each child. Pupils are assessed against the 17 early learning goals, indicating whether they are:

- Meeting expected levels of development

- Not yet reaching expected levels (‘emerging’)

The profile reflects ongoing observations and discussions with parents and/or carers. The results of the profile are then shared with parents and/or carers.

6. Working with parents

We recognise that children learn and develop well when there is a strong partnership between practitioners and parents and/or carers.

Parents and/or carers are kept up to date with their child’s progress and development through formal parent consultation meetings twice per year alongside informal daily updates from EYFS staff at arrival and collection. Formal written reports at the end of the EYFS are provided.

In addition, parents receive frequent updates which enables parents to monitor their child’s progress (Annex 2).

Regular learning newsletters highlighting learning undertaken during the week and outlining the planned learning for the following week, including sections on ‘how you can help your child’ provide clear support to allow parents to play an active part in the learning process.

The progress check and EYFS profile helps to provide parents and/or carers with a well-rounded picture of their child’s knowledge, understanding and abilities.

Each child is assigned a key person who helps to ensure that their learning and care is tailored to meet their needs. The key person supports parents and/or carers in guiding their child’s development at home. The key person and class teacher help families to engage with more specialist support, if appropriate.

7. Safeguarding and welfare procedures

The safeguarding and welfare procedures are outlined in our Child Protection Policy and on the Safeguarding and Child Protection page of our website. Relevant certificates are displayed in the main school.

Staffing arrangements are such that the needs of all children are met and that we can ensure their safety. Minimum staffing ratios as set out in the 2026 Early Years Foundation Stage Statutory Framework are:

- Nursery: at least one member of staff for every 8 children
- Reception: at least one member of staff for every 30 children (Annex 2)

8. Monitoring arrangement

Quality assurance of the EYFS provision is undertaken on a daily, weekly and half-termly basis.

The provision and progress of the pupils is also monitored at senior leader and Trust level through the School Improvement Plan reviews (termly) and School Evaluation process (half-termly).

ANNEX 1: List of statutory policies and procedures for the EYFS

Statutory policy or procedure for the EYFS	Where can it be found? All related documents can be found on the school website: Home - Birch Hill Primary School specifically, the Key Policies page: Policies and Procedures - Birch Hill Primary School
